MHA IT Work Instruction (WI_W5C_002)

Android Smartphone Email Configuration

Introduction

This guide explains how to configure Email on Android Smartphones.

Before You Start

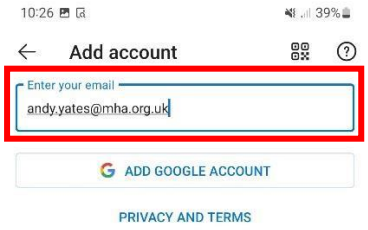
- Make sure you know your MHA email address and password.
- It is preferable (but not essential) to be on Wi-Fi (there may be a large initial data load of your mailbox).

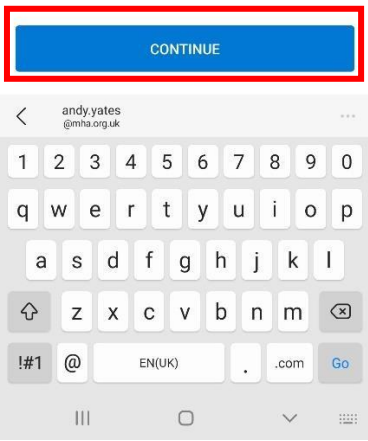
Instructions

1) Find and tap the Outlook app icon:

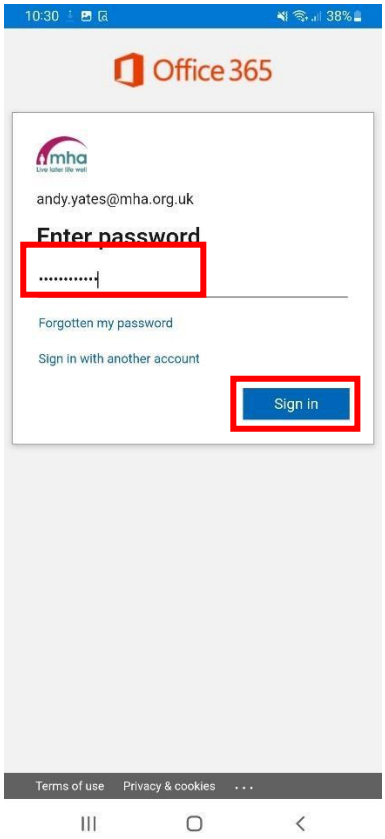
2) Click **ADD ACCOUNT:**

3) Enter your MHA email address and click **CONTINUE**:

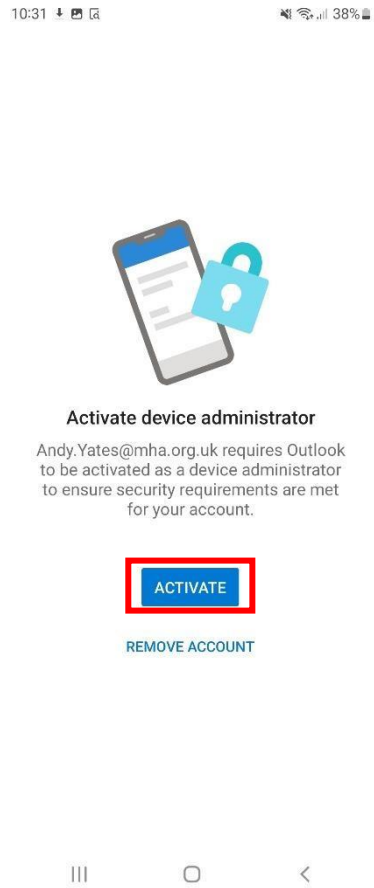




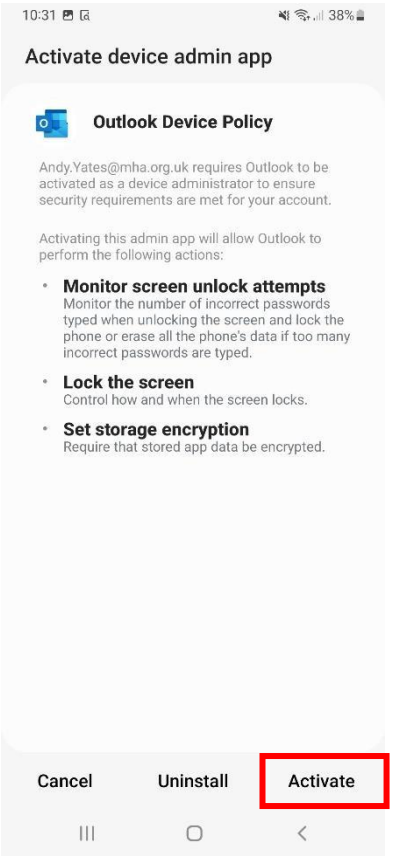
4) Now enter your MHA password and click **Sign in**:



5) Now you will be asked to activate the device, please click **ACTIVATE**:



6) You will then need to accept the Outlook Device Policy by clicking **Activate** again:



7) Now you have completed set up it will begin to download your MHA emails:

FAQS:

Focused inbox:

If you'd like to turn Focused Inbox off, or change whether your notifications are synced to Focused Inbox, tap the overflow icon in the top left, select Settings, scroll down to Focused Inbox, and then toggle it off.

Sync email contacts to phone:

Open phone Settings > Applications > Outlook > Make sure Contacts is enabled. Then open the Outlook app and go to Settings > tap on your account > tap Sync Contacts.
